

Herefordshire Council's new website

Written by Administrator

Herefordshire Council has recently revamped its [website](#) . Unfortunately, the graphic artists have got hold of it, so although it might look prettier, it has lost some functionality. Also, readability has suffered through use of a 'weedy' font that gets lost in the background. In particular:

- The feedback form doesn't work!
- Links to many older documents have changed, meaning those to (eg.) planning applications on the Portal no longer work. We have been through all the latest (ie. those that appear on the Portal front page) to update them, but obviously it would take far too much effort to go back any further.

We apologise for any inconvenience caused to our readers though something that is outside our control.

We have contacted the Council via another on-line form to notify it of these problems.
