Ledbury Green Fair
Saturday 22 May 2010

We are currently planning Ledbury Green Fair 2010 and hope to include crafts people, chicken keepers, compost experts, musicians, local food growers and cider makers, Woodsman crafts, Energy auditing and eco games, Cycling, Biodiversity, Energy information and Grants for the home and bee friendly plants for sale. If you have any green talents or knowledge you would like to share, or any contacts who might like to have a stall and be a part of the Green Fair please let us know.

However we are going to find it very difficult this year without some additional volunteers to help on the day. We were quite busy last year so to make this year even more of a success any help at all would be welcome - setting up from 9.00 – 10.00am and clearing up from 3.30 – 4.30pm, helping on stalls or in the café during the day or making some cakes or biscuits for the café. An hour or two of your time would be great or just come along and see what is going on! If we don't have a definite commitment from a few extra volunteers the Fair will have to be cancelled.

If you are able to help, contact me on 01531 634788 or [replying to this email](#) by next Wednesday 10 March.
