However far-fetched an assertion might be, there is usually an element of truth in it. For example, 'Bonkers' Boris's ex-mate Dom's latest diatribe centred on 'Hopeless' Prat Hancock....

Bozo defended his tardy decision to put India on the Red List in [this BBC clip](#), despite that country having many times more cases of Covid per 100000 people than neighbouring Bangladesh and Pakistan, both of which were red-listed a fortnight earlier.

This video from Led By Donkeys paints a somewhat different picture:-
