---

A [list of businesses](#) that are open in the Ledbury area was compiled by the Ledbury Civic Society week beginning 23rd March. Since things are changing so rapidly during these extraordinary and very uncertain times, we suggest you contact the business to make sure they are still open before visiting.

Please email the [Ledbury Portal administrator](#) to tell us of any errors, changes, omissions or additions to this list. We will try to keep the list as up to date as possible. Please note: we are **not** making any charge to do this - however it may take a while for any notified changes to be made. Please bear with us!

Don't forget that if we don't use these businesses they may very well close permanently, especially as Government help for the self-employed is unlikely to be available before June.

Above all - keep well and keep safe.
