We are putting this offer on the Portal as we do not have access to any of the LOTS pages and feel that a public offer is better than a personal email.

Here is an open offer to LOTS, we at LESS are happy to attend an open public debate on the forthcoming Sainsbury's application to build a store on the current Galebraker site, we also call on LOTS to support our bid to have a referendum on the Sainsbury's application with both parties agreeing to stand by whatever decision the actual residents of the HR8 district decide upon.

Over to you LOTS.
